Keeping Your Math Skills Sharp Over The Spring Break

While we certainly understand and support the need for students to enjoy the spring break, for many children some math work over the break is helpful; perhaps even needed or essential. All Math packets were printed in English and Spanish.

Please remember that your child should be completing Mathematics and Reading lessons on i-Ready everyday.

Packets should be completed and returned to the classroom teacher on Monday April 17, 2023.

Enjoy your spring break!
