Directory Information

The school may disclose appropriately designated "directory information" without written consent, unless you have advised the School to the contrary in accordance with School procedures. The primary purpose of directory information is to allow the school to include information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production.
- The annual yearbook.
- Honor roll or other recognition lists.
- Sports activity sheets.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the school that they do not want their student's information disclosed without their prior written consent.

If you do not want the school to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent, you must notify the Principal of the School in writing by September 15th of a given school year. The school has designated the following information as directory information:

- Student's name
- Address
- Telephone Listing
- Electronic mail address
- Photograph
- Grade Level
- Participation in officially recognized activities and sports -Degrees, honors, and awards received.
